An immediate annuity is permanent. An owner has no access to the premium, which converts to income payouts. A contract has no cash value, no death benefit and can't be surrendered. Terms such as the payout amounts, timing and rates cannot be changed, unless commutation elected. Payouts end at annuitant death unless certain period or installment refund option elected. Life contingent payout may be less or more than premium based on length of annuitant(s) life. Payment of benefits under the annuity contract is the obligation of, and is guaranteed by, the insurance company issuing the annuity.
