

PHYSICIANS & SURGEONS DISABILITY INSURANCE

Physicians & Surgeons spend years learning, training and gathering the skills necessary for their occupation. These highly skilled individuals need protection against the onset of an illness or injury that will limit or eliminate their ability to perform their valued occupation.

When precision movements are required to perform a state of the art surgery, a steady hand and good eyesight are mandatory requirements.

“Own Occupation” defined coverage enables the physician or surgeon to put their mind at ease knowing that they have the best possible protection.
